3 each

CANNON SLOTS

3 broadside per side

MOVE COUNT

3

Passive: Plunder

Draw 1 **bonus coin** on every successful board or island capture.

The Crown's expedition to the new territory. A standing fleet sent to plant flags and hold the harbors that matter.

SHIPS

3 frigates

FITTINGS

4 each

CANNON SLOTS

3 broadside per side

MOVE COUNT

FITTINGS

2 each

CANNON SLOTS

3, rear-facing only

Claim the nearest island during setup and place one canoe there.

Sun Fleet

Stone ships from a kingdom across the sea, far more ancient than the powers crowding the islands today.

SHIPS

3 barges

FITTINGS

4 each

MOVE COUNT

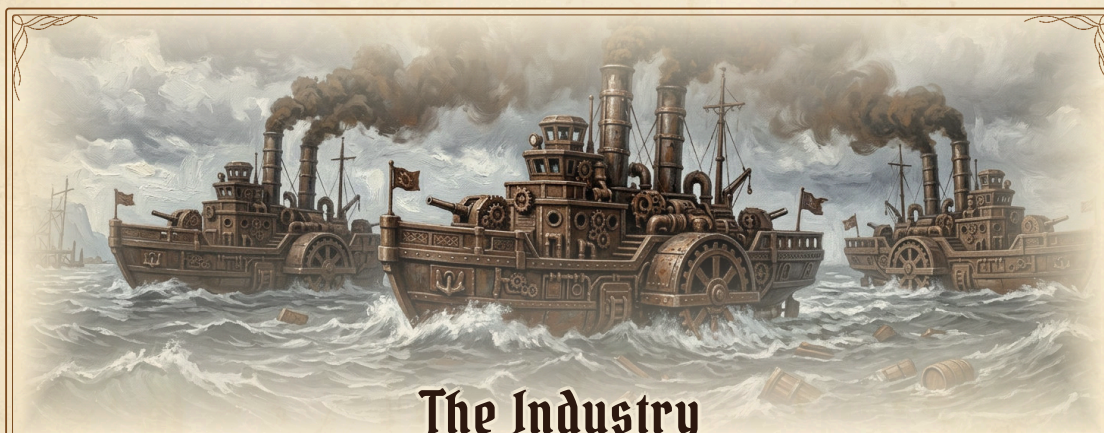

1

Passive: Stone Hulls

Each ship ignores the **first hit** it takes each turn.

Playstyle

Tank salvos. Force opponents to focus-fire or watch their shots bounce off. Advance slowly, fire deliberately.

The Industry

SHIPS

3 warships

FITTINGS

2 hull + 1 turret

CANNON SLOTS

1 bow (forward only) + 1 turret (rotates)

MOVE COUNT

2

Passive: Rotating Turret

The turret slot sits in a **turret fitting** and fires in **any direction**. If the turret is shot off, only the bow slot remains until repaired.

SHIPS

2 junks

FITTINGS

3 each

MOVE COUNT

1

Passive: Bountiful Harvest

Draw **2 coins** instead of 1 when collecting from your islands.

*Ships lost in the first rush for the islands, surfaced again somehow.
Whatever crews them now does not answer hails.*

SHIPS

3 galleons

FITTINGS

3 each

MOVE COUNT

1

Passive: Return from the Deep

Spend **2 coins** to raise a sunken ship at **1 HP** on any island you hold.
